Thursday 14th June 2018

Dear Parents & Carers,

As I am sure, you are already aware, our children are utilising the Internet and devices such as Laptops, iPads, phones and tablets more than ever, both at school and at home. To celebrate the many positives of the internet, and to raise awareness of the issues that children and young people face online today, there will be an E-Safety focus at school next week. Children will participate in a number of E-Safety activities, including a whole school assembly, P4-C lessons on blog writing and circle time discussions involving how to stay safe on the internet.

As part of E-Safety week, we will also be hosting an E-Safety Information session for parents and carers. This will take place on **Tuesday 19th June from 9:00 – 10:00am** and will be repeated on **Thursday 21st June, from 3:30 – 4:30pm**. You are all welcome to attend the information session, no matter which class your child is in.

The sessions will focus on five specific areas related to E-Safety: The School Websites, Social Media, Online Games, Chatrooms and YouTube. You will be provided with practical advice and safety tips to help manage your child's online habits, as well as suitable behaviour online.

We believe that internet safety education is a crucial element of the curriculum and an essential part of young people's development. This session is designed to enable you to strengthen and reinforce the safety messages that your children receive in school, in your home environment.

We really hope that you will be able to attend and look forward to seeing you there.

Yours sincerely,

Jason Bridgford
ICT Coordinator
