Assistant Headteacher: **Lesley Carneiro**

Dear Parent/Carer

6th July 2020

We want to inform you of a new and exciting method of communication between St Mary & St Pancras and our parents and carers.

At some point today, we will be inviting you to download the Parent Hub app on your mobile phone. You will receive a text message with a link and instructions on what to do next. It's very simple and once done, you will have easy access to correspondence and information from the school.

Our intention is to use Parent Hub from September 2020 as a main method of communication with you. This will replace texting and also printed letters, such as the newsletter and any other school letters that we would normally send home with the children. It will also be used to communicate "on the day" messages such as reminders etc. and it is really important therefore, that you download it as soon as possible, ready for the new term, so that you do not miss any information.

In addition, we highly recommend that you enable push notifications. This then allows a message to pop up on your phone and you do not have to be in the Parent Hub app or using your phone to receive them. Push notifications look like SMS text messages and mobile alerts but they only reach users who have installed the app. You will then know that there is information to read in the app.

We hope that you will enjoy using this new form of communication, which has great benefits such as moving to a 'paper free' environment whilst relaying information quickly and easily.

If you have any questions or require further information, please do not hesitate to contact the School Office.

Kind regards

Jules Belton
Headteacher
