Free adult learning courses start from 28 September!**

Dear Colleague,

WELCOME BACK!

We are so delighted to see you again! We have been working really hard to create a COVID safe environment for all of our learners to return to and all of our venues have been risk assessed to make learning as safe as possible. Class sizes will be small so that they can sit at a safe distance from each other.

PLEASE NOTE:

Classes will either be face to face or online. For face to face classes we will require everyone to wear a face mask.
