

Using Xbox or Play Station to access Google Classrooms

Did you know that you can access Google Classroom resources through Xbox and PlayStation?

Please read this guide to access your child's Google Classroom. Scroll down for links to video instructions.

Google Classroom can be opened on Xbox and Playstation. There isn't an app that the child can add to their consoles. Instead, they are going to have to use the built-in browsers that come on the two devices.

On Xbox, it is Microsoft Edge. On Playstation, it is the "www" browser. Your child will probably know how to find the browsers on their consoles, but if not, each one has a search function they can access on the home screen.

If your child has a keyboard, they can plugin and use them to have a much easier navigation time.

Otherwise, they will have to use their controllers to click on the classroom tiles, open up assignments and type. They will be able to open learning activities/resources and written instructions.

Xbox

1. Plug a keyboard into the Xbox USB slot
 2. Go into my games and apps
 3. Find Microsoft Edge and select
 4. Type in: Google Classroom and log in as you would in on your other devices at home. You can then access your learning through Google Classroom.
- To move around you use the Xbox controller or plug in a mouse

PlayStation

1. Identify the PlayStation internet browser icon (it is WWW with dots around it)
2. Press the PlayStation logo on the controller
3. Go to the library and find options for games and applications
4. Go into applications, and you will find the internet browser
5. Type Google Classroom into the browser and log in as you would in on your other devices at home.
6. You can then access your work through Google Classroom
