

St Mary and St Pancras CE Primary School

Health and Safety Policy

DATE APPROVED BY THE ST MARY AND ST PANCRAS CE SCHOOL BOARD OF GOVERNORS	23 rd March 2021		
NEXT REVIEW DATE	March 2022		
SIGNED (HEADTEACHER)	Ms Jules Belton	DATE	March 21
SIGNED CO-CHAIRS OF THE GOVERNING BOARD	Mr William Hall and Mr Samuel Hopcroft	DATE	March 21

Health and Safety Policy for

St Mary and St Pancras CE Primary School

PART 1. STATEMENT OF INTENT

The aim of the governing body and the Headteacher is to provide a safe and healthy working and learning environment for staff, pupils and visitors. This will be achieved by implementing the health and safety objectives detailed in this policy.

This establishment attaches great importance to the health, safety and welfare at work of all its employees and other users, particularly children, parents and visitors, so far as it is reasonably practicable. This statement sets out how these duties will be conducted and includes a description of the school's organisation and arrangements for dealing with different areas of risk.

Details of how these areas of risk will be addressed are given in the arrangements section.

This policy will be brought to the attention of all members of staff and a copy will be kept in the **Staff Room** and **on the shared drive – Standard School Documents**.

This policy statement and the accompanying organisation and arrangements will be reviewed on an annual basis.

This policy should be read in conjunction with Camden Health and Safety Policies and all relevant school policies.

William Hall and Samuel Hopcroft
Co-Chairs of Governors

Jules Belton
Headteacher

PART 2. ORGANISATION

In Academy, Foundation and Voluntary Aided schools, the responsibility for health and safety rests with the Governing Body as the employer.

At a school level, duties and responsibilities have been assigned to staff and governors as detailed below.

Responsibilities of the Governing Body

The Governing Body are responsible for ensuring health and safety management systems are in place and effective. As a minimum these systems should adhere to the LA's health and safety policy, procedures and standards as detailed in the [myDrive](#) website.

A Health & Safety Governor **Gregory Watson** has been appointed to receive relevant information, monitor the implementation of policies and procedures and to feedback health and safety issues and identified actions to the Governing Body.

The Governing body will receive regular reports from the Headteacher or other nominated member of staff in order to enable them to provide and prioritise resources for health and safety issues.

In Academy, Foundation and Voluntary Aided Schools, the Governing body as the employer provides access to competent H&S advice via the Health and Safety team at the London Borough of Camden as required by the Health and Safety at Work etc. Act 1974.

Responsibilities of the Headteacher

Overall responsibility for the day to day management of health and safety in accordance with the **Governing Body's health and safety policy and procedures** rests with the Headteacher.

The Headteacher has responsibility for:

- Co-operating with the LA and Governing Body to enable health and safety policy and procedures to be implemented and complied with.
- Communicating the policy and other appropriate health and safety information to all relevant people including contractors.
- Ensuring effective arrangements are in place to pro-actively manage health and safety by conducting and reviewing inspections and risk assessments and implementing required actions.
- Reporting to the Governing body on health and safety performance and any safety concerns/ issues which may need to be addressed by the allocation of funds.
- Ensuring that the premises, plant and equipment are maintained in a safe and serviceable condition.
- Reporting to the LA any significant risks which cannot be rectified within the establishment's budget.
- Ensuring all staff are competent to carry out their roles and are provided with adequate information, instruction and training.
- Ensuring consultation arrangements are in place for staff and their trade union representatives (where appointed) and recognising the right of trade unions in the workplace to require a health and safety committee to be set up.
- Monitoring purchasing and contracting procedures to ensure health and safety is included in specifications & contract conditions.

Whilst overall responsibility for health and safety cannot be delegated the Headteacher may choose to delegate certain tasks to other members of staff.

The task of overseeing health and safety on the site has been delegated by the Head to the School Business Manager, Hannah Martin.

Responsibilities of other staff holding posts of special responsibility

The Deputy Head, Assistant Head and Site Service Officer will:

- Apply the school's health and safety policy to their own department or area of work.
- Ensure staff under their control are aware of and follow relevant published health and safety guidance (from sources such as CLEAPSS, AfPE etc.).
- Ensure health and safety risk assessments are undertaken for the activities for which they are responsible and that identified control measures are implemented.
- Ensure that appropriate safe working procedures are brought to the attention of all staff under their control.
- Take appropriate action on health, safety and welfare issues referred to them, informing the head or individual with delegated responsibility of any problems they are unable to resolve within the resources available to them.
- Carry out regular inspections of their areas of responsibility and report / record these inspections.

- Ensure the provision of sufficient information, instruction, training and supervision to enable staff and pupils to avoid hazards and contribute positively to their own health and safety.
- Ensure that all accidents (including near misses) occurring within their area of responsibility are promptly reported and investigated.

Responsibilities of employees

Under the Health and Safety at Work Act etc. 1974 all employees have general health and safety responsibilities. All employees have responsibility to:

- Take reasonable care for the health and safety of themselves and others in undertaking their work.
- Comply with the school's health and safety policy and procedures at all times.
- Report all accidents and incidents in line with the reporting procedure.
- Co-operate with school management on all matters relating to health and safety.
- Not to intentionally interfere with or misuse any equipment or fittings provided in the interests of health safety and welfare.
- Report all defects in condition of premises or equipment and any health and safety concerns immediately to their line manager.
- Ensure that they only use equipment or machinery that they are competent / have been trained to use.
- Make use of all necessary control measures and personal protective equipment provided for safety or health reasons.

PART 3. ARRANGEMENTS

Detailed information on LBC's expectations can be found in MyDrive and the [Education Health and Safety Document Library](#).

Refer to Health and Safety Document Library on the School's [myDrive](#) Website which cover many other risk areas, codes of practice and guidance notes.

- Appendix 1 - Risk Assessments
- Appendix 2 - Health and Safety Monitoring and Inspection
- Appendix 3 - Fire Evacuation and other Emergency Arrangements
- Appendix 4 - Inspection / Maintenance of Emergency Equipment
- Appendix 5 - First Aid and Medication
- Appendix 6 - Offsite Visits & School Journeys
- Appendix 7 - Accidents & Incident Reporting
- Appendix 8 - Health and Safety Information and Training
- Appendix 9 - Personal Safety / Lone Working
- Appendix 10 - Premises Work Equipment
- Appendix 11 - Flammable and Hazardous Substances
- Appendix 12 - Asbestos Management
- Appendix 13 - Lifting and Handling
- Appendix 14 - Contractor Management
- Appendix 15 - Work at Height
- Appendix 16 - Display Screen Equipment (DSE)
- Appendix 17 - Vehicles on Site
- Appendix 18 - Stress / Wellbeing
- Appendix 19 - Legionella Management

APPENDIX 1: RISK ASSESSMENTS

General Risk Assessments

The school conducts and documents risk assessments for all activities presenting a significant risk. These are co-ordinated by **the School Business Manager, the Deputy Head and the Assistant Head** following guidance and are approved by the Headteacher.

Risk assessments are available for all staff to review and are held centrally in the staff **shared folder** these assessments will be reviewed on an annual basis or when the work activity changes, whichever is the soonest. Staff will be made aware of any changes to risk assessments relating to their work.

Individual Risk Assessments

Specific assessments relating to staff member(s) or pupil(s) are held on that individual's file and will be undertaken by **the School Business Manager/SSO and the Assistant Head/SEND/CO**. Such risk assessments will be reviewed on a regular basis.

It is the responsibility of all staff to inform their line manager of any medical conditions (including pregnancy) which may impact upon their work.

Curriculum Activities

Risk assessments for curriculum activities will be carried out by **class teachers** using the relevant codes of practice and model risk assessments detailed below. Whenever a new course is adopted or developed all activities must be checked against these and significant findings incorporated into texts in daily use such as scheme of work, lesson plans etc.

Camden secondary schools and academies have a subscription to CLEAPSS and their publications are used as sources of model risk assessment within science and DT. In addition the following publications may be used within the school as sources of model risk assessments:

Primary schools

- **Be Safe! Health and Safety in primary science and technology, 4th Edition ASE**
- **National Society for Education in Art & Design (NSEAD)** <http://www.nsead.org/hsg/index.aspx>
- **Safe Practice in Physical Education and School Sport' Association of PE 'AfPE'**
<http://www.afpe.org.uk/>

APPENDIX 2:

HEALTH AND SAFETY MONITORING AND INSPECTION

A general inspection of the site will be conducted on a **termly** basis and be undertaken / coordinated by the School Business Manager, the Site Service Officer and the Health and Safety Governor.

Inspections of individual departments will be carried out by Heads of Department or nominated staff.

In both cases the person(s) undertaking inspection will complete a report in writing and submit this to the Headteacher, **Jules Belton**. Responsibility for following up items detailed in the safety inspection report will rest with **Hannah Martin**.

A named governor, **Gregory Watson** will be involved/ undertake a review of the school's health and safety management systems on an annual basis and report back to both the relevant sub-committee and full governing body meetings.

Inspections will be conducted jointly with the Headteacher and the establishment's health and safety representative(s) if possible.

APPENDIX 3: FIRE EVACUATION AND OTHER EMERGENCY ARRANGEMENTS

The Headteacher is responsible for ensuring the school's fire risk assessment is undertaken and implemented following guidance contained on the schools website. The fire risk assessment is located in the school's fire log book and will be reviewed on an annual basis.

Emergency Procedures

- Fire and emergency evacuation procedures are detailed in **separate guidance** and a summary posted in each classroom. These procedures will be reviewed at least annually and are made available to all staff as part of the school's induction process.
- Evacuation procedures are also made available to all contractors / visitors.
- Emergency exits, fire alarm call points, assembly points etc. are clearly identified by safety signs and notices.
- Emergency contact and key holder details are maintained by **Hannah Martin**.

Fire Drills

- Fire drills will be undertaken termly and results recorded in the fire log book.

Fire Fighting

- Staff must ensure the alarm is raised BEFORE attempting to tackle a fire.
- The safe evacuation of persons is an absolute priority. Staff may only attempt to deal with small fires, **if it is safe to do so without putting themselves at risk**, using portable firefighting equipment.

Staff should be made aware of the type and location of portable firefighting equipment and receive basic instruction in its correct use at induction.

Details of service isolation points (i.e. gas, water, electricity)

Isolation Point	Location
Gas	Cupboard beside the plant room entrance
Water	Plant room – beside the cold water storage tank
Electricity	Plant room – at the top of stairs in the fuse cupboard

Details of chemicals and flammable substances on site.

An inventory of these will be kept by **the Site Service Officer, Darren Walker** as appropriate, for consultation.

APPENDIX 4: INSPECTION /MAINTENANCE OF EMERGENCY EQUIPMENT

Darren Walker is responsible for ensuring that the school's fire log is kept up to date and that the following inspection / maintenance is undertaken and recorded in the fire log book located in **the school office. This is overseen by Hannah Martin.**

FIRE ALARM SYSTEM

Fire alarm call points will be tested weekly in rotation. This test will occur on **Fridays, 7:30am.** Any defects on the system will be reported immediately to the alarm contractor / electrical engineer.

- Contact Classic Security Solutions by email **service@classicuk.com** or by phone on **020 8507 7771.**

A fire alarm maintenance contract is in place with Classic Security Solutions and the system is tested **6 monthly** by them.

FIRE FIGHTING EQUIPMENT

Weekly checks are carried out in-house to ensure that all firefighting equipment remains available for use and is operational.

Chubb Fire and Security Ltd. undertakes an annual maintenance service of all firefighting equipment.

Defective equipment or extinguishers that need recharging should be taken out of service and reported direct to 0344 8791770.

EMERGENCY LIGHTING SYSTEMS

These systems will be checked for operation monthly in house and annually a full discharge test and certification of the system will be undertaken by **CBS Maintenance Services – Contact by phone on 01322 287 733 or by email to Michelle Smith michelle@cbsmsl.com.**

MEANS OF ESCAPE

Daily checks for any obstructions on exit routes and ensures all final exit doors are operational and available for use.

APPENDIX 5: FIRST AID AND MEDICATION

The school has assessed the need for first aid provision and identified the following staff to provide first aid (both on site and where required for trips/visits and extra-curricular activities).

TRAINED TO FIRST AID AT WORK LEVEL (18 hr):

TRAINED TO EMERGENCY AID LEVEL (3 hr):

All staff. Emergency Aid 3 hour INSET was attended by all staff on 2/9/19.

TRAINED TO EYFS STANDARD (PAEDIATRIC FIRST AID, 12 hr):

Lindy Robins, Year 1 – 25/9/18.

Leila El-Gourja, Year 5 – 10/10/18.

Lesley Carneiro, SENDCo Office – 12/12/18.

First aid qualifications remain valid for 3 years. Lesley Carneiro will ensure that refresher training is organised to maintain competence and that new persons are trained should first aiders leave.

FIRST AID BOXES ARE LOCATED AT THE FOLLOWING POINTS:

- 1 first aid bag kept in downstairs and upstairs corridor in clearly marked area.
- 1 first aid box located in the PE cupboard in the playground.
- 2 first aid bags kept in the first aid room for use on trips.
- 1 emergency first aid bag in the first aid room.

Charlotte Hedges is responsible for regularly checking (termly) that the contents of first aid boxes including travel kits are complete and replenished as necessary.

Transport to hospital: Where a first aider considers it necessary, the injured person will be sent directly to hospital (normally by ambulance). Parents / carers will be notified immediately of all major injuries to pupils.

No casualty will be allowed to travel to hospital unaccompanied and an accompanying adult will be designated in situations where the parents/carers cannot be contacted in time.

Where there is any doubt about the appropriate course of action, the first aider will consult with the Health Service helpline (NHS 111) and, in the case of pupil with the parents/carers.

Provide details of any other relevant contact numbers of Hospital A&E departments, schools nurse etc.

Local A&E: University College Hospital

Address: 235 Euston Rd, Fitzrovia, London NW1 2BU

Phone: 020 3447 0083

School Nurse: Anne Bunko

Tues, Wed and Friday, 09.00- 17.00hrs

Senior School Nurse

Central and North West London NHS Foundation Trust

Tel: 0203 317 2299

Email: Annemarie.bunko@nhs.net web: www.cnwl.nhs.uk

Hunter Street Health Centre, 8 Hunter Street WC1N 1BN

Administration of medicines

All medication will be administered to pupils in accordance with the DfE document [Supporting pupils at school with medical conditions](#). Detailed arrangements are provided in a separate policy.

No member of staff will administer any medication unless a request form has been completed by the parent / carer.

Lorraine Crean, Elizabeth Daly, Lesley Carneiro and Charlotte Hedges are responsible for accepting medication and checking all relevant information has been provided by parents / carers prior to administering.

Records of administration will be kept by **the member of staff that administers the medication. Administration forms are kept with the medication.**

All non-emergency medication kept in school are securely stored **in a lockable cupboard in the First Aid Room, refrigerated meds kept in clearly labelled container within fridge in the school office** with access strictly controlled. All pupils know how to access their medication.

Where children need to have immediate access to emergency medication i.e. asthma inhalers, epi-pen etc., it will be kept in **the first aid room**, and clearly labelled.

Health Care Plans

Parents / carers are responsible for providing the school with up to date information regarding their child's health care needs and providing appropriate medication.

Individual health care plans are in place for those pupils with significant medical needs e.g. chronic or ongoing medical conditions such as diabetes, epilepsy, anaphylaxis etc. These plans will be completed at the beginning of the school year / when child enrolls / on diagnosis being communicated to the school and will be reviewed annually by **the SENDCo**.

All staff are made aware of any relevant health care needs and copies of health care plans are available in classrooms and in the first aid room.

Staff will receive appropriate training related to health conditions of pupils and the administration of medicines by a health professional as appropriate.

APPENDIX 6: OFFSITE VISITS & SCHOOL JOURNEYS

Camden has adopted the Outdoor Education Advisory Panel's national guidance for learning outside the classroom and offsite visits and all offsite visits will be planned following this guidance which can be found in the please click link: [myDrive](#).

Camden's Outdoor Education Advisor must be notified of all level 3 trips, which include self-led adventurous activities, fieldwork trips to open or "wild" country, and all trips overseas. This will be done via the use of Evolve, the online notification and approvals system.

Evolve will be used for the planning and approval of all offsite visits. Relevant risk assessments, participants' names etc. will be attached electronically as required.

The member of staff planning the trip will submit all relevant paperwork and risk assessments relating to the trip to the school's Educational Visits Co-ordinator(s) **Lucy Heard** who will check the documentation and planning of the trip and if acceptable will approve the visit.

Visits are categorised into two main groups. As a rough guide, all trips which fall into the high risk category (formerly Category B) must be notified to Camden's Outdoor Education Advisor. Suitable risk assessments are required for lower risk trips (formerly Category A) and the Headteacher should satisfy themselves that such assessments are suitable and sufficient.

Routine or lower risk activities

These are visits where risks are no greater than those encountered in everyday school /centre/ club activities. These include for example: parks, museums, libraries etc.

Notification procedures are determined by the governing body but in all cases authorisation by the Headteacher is required. These trips can be updated onto Evolve (Camden's online Approval system), but this is optional.

Higher risk activities - These visits must be entered on to Evolve at www.camdenvisits.org.uk.

They include potentially 'high risk' activities and are visits where the following criteria apply: travel by air or sea is involved; overnight stay; destinations abroad; adventurous activities are included in the programme; visit involves activities or field-work in a mountainous or coastal environment, or near inland water (rivers, canals, lakes and reservoirs) and swimming (other than lessons given as part of the National Curriculum) is included.

The Headteacher has authorisation for routine (lower risk) visits. The Headteacher is also responsible for ensuring the satisfactory completion of risk assessments.

Camden LA has powers of approval for higher risk visits. The Headteacher / Head of Centre / club is responsible for ensuring full risk assessments are undertaken and consent received from the governing body. The Headteacher or centre manager is then required to ensure the visit is entered onto Evolve for processing by the LA health and safety adviser. **This must be done as soon as possible and in all cases, at least 2 weeks prior to the visit taking place.**

APPENDIX 7: ACCIDENTS & INCIDENT REPORTING

Accidents to employees

Where Camden Local Authority (LA) is the employer (i.e. Community, VC and Community special schools) then **all** employee accidents, no matter how minor, will be reported using the telephone reporting system hosted by **Reportline** on **02920 266787** or by email to reportline@alcumusgroup.com. Near misses and occupational ill health will also be reported.

Accidents to pupils and other non-employees (members of public / visitors)

A local accident/bumps books are located **in the PE cupboard for the playground, and in every classroom** is used to record all minor incidents to non-employees, more significant incidents as detailed below must also reported to LBC using the telephone reporting system.

- Major injuries.
- Accidents where significant first aid treatment has been provided.
- Accidents which result in the injured person being taken from the scene of the accident directly to hospital.
- Accidents arising from premises / equipment defects.

All major incidents will be reported to the Headteacher and **the Governing Body**. Parents / carers will be notified immediately of all major injuries. Accidents will be monitored for trends and a report made to the Governing Body as necessary.

The Headteacher, or their nominee, will investigate accidents and take remedial steps to avoid similar instances recurring. Faulty equipment, systems of work etc. must be reported and attended to as soon as possible.

Violence to Staff

The school takes a serious view of any incidence of violence against its employees and takes responsibility for protecting all its employees from acts of violence and aggression.

Violent incidents towards staff will be reported via Reportline. A system of monitoring incidents of violence and aggression towards employees has been adopted so that appropriate action can be taken to reduce the risk in the workplace.

Violent incidents between pupils will be dealt with in accordance with the school's policy for behaviour management and will not be reported to Reportline unless serious in nature (severity of injury, police involvement etc.).

Reporting to the Health and Safety Executive (HSE)

Incidents involving a fatality will be reported immediately to the Health and Safety Executive (HSE) on 0845 300 9923 and the **Schools' Health and Safety Advisor on 020 7974 5672**.

Incidents resulting in the following outcomes will be reported to the HSE within 15 days of the incident occurring.

- A pupil or other non-employee being taken directly to hospital for treatment and the accident arising as the result of the condition of the premises / equipment, due to the way equipment or substances were used or due to a lack of supervision / organisation etc.
- Employee absence or inability to carry out their normal duties as the result of a work related accident, for periods of 7 days or more (including W/Es and holidays).

Any accident/incident reported to Reportline will be monitored against RIDDOR reporting criteria and reported onto the HSE by Reportline following approval from the Health & Safety team.

Schools who are not required to report incidents via Reportline can report RIDDOR reportable incidents to the HSE as soon as practicable via their online reporting system at <http://www.hse.gov.uk/riddor/report.htm>.

Further guidance on accident and incident reporting along with a flowchart summarising the reporting requirements can be found in the [Education Health and Safety Document Library](#).

APPENDIX 8: HEALTH AND SAFETY INFORMATION & TRAINING

Consultation

The school is required to establish effective means of communication and consultation and to ensure that health and safety is included in all relevant meetings.

The SBM and SSO discuss Health and Safety issues in weekly meetings, any concerns raised are fed back to the Headteacher by the SBM.

The **Full Governing Body** meets **9 times a year** to discuss health, safety and welfare issues affecting staff, pupils or visitors. Action points from meetings are brought forward for review by school management.

The Health and Safety Law poster is displayed in **the staff room**.

The Governing body as the employer provides access to competent H&S advice via The Camden Health and Safety Team **tel: 020 7974 6655** as required by the Management of Health and Safety at Work Regulations 1999.

Health and Safety Training

All employees will be provided with:

- induction training in the requirements of this policy;
- update training in response to any significant change;
- training in specific skills needed for certain activities, (e.g. use of hazardous substances, work at height, manual handling etc.)
- refresher training where required.

Training records will be kept **in the school office**.

Hannah Martin and Lesley Carneiro are responsible for co-ordinating health and safety training needs and for including details in the training and development plan. This includes a system for ensuring that refresher training is undertaken within the prescribed time limits.

The Headteacher will be responsible for assessing the effectiveness of training received.

Each member of staff is also responsible for drawing the Headteacher's / line manager's attention to their own personal needs for training and for not undertaking duties unless they are confident that they have the necessary competence.

APPENDIX 9: PERSONAL SAFETY / LONE WORKING

The school believes that staff should not be expected to put themselves in danger and will not tolerate violent / threatening behaviour to its staff.

Staff will report any such incidents to the Headteacher. The school will work in partnership with the LA and police where inappropriate behaviour/ individual conduct compromises the school's aims in providing an environment in which the pupils and staff feel safe.

Lone working

Staff are encouraged not to work alone in school. Work carried out unaccompanied or without immediate access to assistance should be risk assessed to determine if the activity is necessary.

Work involving potentially significant risks (for example work at height) must not be undertaken whilst working alone.

Staff working outside of normal school hours must obtain permission of **the Headteacher/ the SBM and must register with the SBM/SSO and sign in and out of the school premises.**

Where lone working cannot be avoided staff should ensure they have means to summon help in an emergency e.g. access to a telephone or mobile phone etc.

Staff working alone should contact their line manager to notify them when they arrive on site, specifying how long they intend to stay and notify their line manager again when they have left site.

For staff conducting home visits, staff are expected to notifying a colleague of visit details, have mobile phone contact available, notify colleagues of their expected time of return / end time and arrangements for contacting etc. Where there are known risks which may affect staff safety staff will not visit alone.

School staff responding to call outs

Nominated key holders attending empty premises where there has been alarm activation should do so with a colleague if possible. They should not enter the premises unless they are sure it is safe to do so. **The school use The Key Holding Company who will either attend for the school or will notify a school key-holder and will attend site together.**

APPENDIX 10: PREMISES AND WORK EQUIPMENT

All staff are required to report to **Darren Walker/Hannah Martin** any problems found with plant/equipment. Defective equipment will be clearly marked and taken out of service by storing in a secure location pending repair / disposal.

Darren Walker is responsible for identifying all plant and equipment in an equipment register and ensuring that any specific training or instruction needs, personal protective equipment requirements are identified and relevant risk assessments conducted where required. Equipment restricted to those users who are authorised / have received specific training is **detailed in the register on the staff shared drive and equipment is labelled accordingly.**

Planned maintenance / inspection

Regular inspection and testing of school plant and equipment is conducted to legislative requirements by competent contractors. Records of such monitoring will be kept in designated logbooks on site. **Darren Walker** is responsible for ensuring logbooks are maintained and kept up to date.

Curriculum Areas

Subject Co-ordinators are responsible for ensuring maintenance requirements for equipment in their areas are identified and implemented.

Electrical Safety

All staff will conduct a visual inspection of plugs, cables and electrical equipment prior to use. Defective equipment will be reported to **Darren Walker/Hannah Martin.**

All portable items of electrical equipment will be subject to formal inspection and testing (Portable Appliance Testing (PAT)) on an identified cycle (dependent upon the type of equipment and the environment it is used in). All earthed equipment (class 1) and cables attached to such equipment will be tested annually.

This inspection and testing will be conducted by **AGG Maintenance Ltd.**, the frequency of inspection and testing is **annually.**

Darren Walker is responsible for keeping an up-to-date inventory of all relevant electrical appliances and for ensuring that all equipment is available for testing.

Personal items of equipment (electrical or mechanical) should not be brought into the school without prior authorisation and must be subjected to the same tests as school equipment.

A fixed electrical installation test (fixed wire test) will be conducted by **CBS Maintenance Services Ltd. on a 5 year cycle.**

Outdoor Play Equipment

Outdoor play equipment will only be used when appropriately supervised.

Darren Walker will conduct a formal and recorded termly inspection of the equipment.

PE and Play equipment is subject to an annual inspection by Universal Services (Sports Equipment) Limited.

APPENDIX 11: FLAMMABLE AND HAZARDOUS SUBSTANCES

Every attempt will be made to avoid, or choose the least harmful of, substances which fall under the “**Control of Substances Hazardous to Health Regulations 2002**” (COSHH Regulations).

Within curriculum areas (in particular science and DT) subject co-ordinators (working with Darren Walker) are responsible for COSHH and ensuring that an up to date inventory and model risk assessments contained in the relevant national publications are in place. (CLEAPSS, Association for Science Education's "Topics in Safety" etc.)

In all other areas the establishments nominated person(s) responsible for substances hazardous to health is Darren Walker.

They shall ensure:

- an inventory of all hazardous substances used on site is compiled and regularly reviewed.
- material safety data sheets are obtained from the relevant supplier for all such materials.
- If required, full COSHH risk assessments are conducted and communicated to staff exposed to the product/substance.
- all chemicals are appropriately and securely stored out of the reach of children.
- all chemicals are kept in their original packaging and labelled (no decanting into unmarked containers).
- suitable personal protective equipment (PPE) has been identified and available for use. PPE is to be provided free of charge where the need is identified as part of the risk assessment.

Where persons may be affected by their use on site, Darren Walker is responsible for ensuring that COSHH assessments are available from contractors (*this applies to both regular contracts such as cleaners and caterers and from builders, decorators, flooring specialists, etc.*).

APPENDIX 12: ASBESTOS MANAGEMENT

The school building does not contain any asbestos material due to the school being built in 2006. A letter confirming this has been issued by the asbestos consultants, White Green Young, and is kept in the Health and Safety folder in the School Office.

APPENDIX 13: LIFTING AND HANDLING

Generic risk assessments for regular manual handling operations are undertaken and staff are provided with information on safe moving and handling techniques.

Staff should ensure they are not lifting heavy items and equipment unless they have received training and/or equipment in order to do so safely.

All manual handling activities which present a significant risk to the health and safety of staff, will be reported to **Hannah Martin** and where such activities cannot be avoided a risk assessment will be conducted to ensure such risks are adequately controlled. A copy of this assessment will be provided to employees who must follow the instruction given when carrying out the task.

Paediatric Moving and Handling

All staff who move and handle pupils have received appropriate training (both in general moving and handling people techniques and specific training on any lifting equipment, hoists, slings etc. they are required to use).

All moving and handling of pupils has been risk assessed and recorded by a competent member of staff. Equipment for moving and handling people is subject to inspection on a **6 monthly** basis by a competent contractor.

APPENDIX 14: CONTRACTOR MANAGEMENT

All contractors used by the school shall ensure compliance with relevant health and safety legislation, guidance and good practice. All contractors must report to **the school office** where they will be asked to sign the visitors book and wear an identification badge. Contractors will be issued with guidance on emergency procedures, relevant risks, and local management arrangements.

Darren Walker is responsible for monitoring areas where the contractor's work may directly affect staff and pupils and checking whether expected controls are in place and working effectively.

School managed projects

Where the school undertakes construction and building works projects directly, the governing body are considered the 'client' and therefore have additional health and safety responsibilities to consider before starting works.

Such projects are managed by **Hannah Martin, School Business Manager** who will ensure that landlord's consent has been obtained and, where applicable, all statutory approvals, such as planning permission and building regulations have been sought. For maintained schools, the landlord is the Local Authority. Schools are required to notify the Authority when they are proposing works that will affect the layout or operation of the building. A form for requesting landlord's consent, entitled '**Building Changes Notification Form**', and accompanying explanatory notes has been distributed to schools via Camden Learning. Further information can be obtained by contacting Property & Contracts on 020 7974 4547.

Under CDM 2015, certain construction work must be notified to the Health and Safety Executive (HSE). For further information and guidance on CDM 2015 contact: Schools' Health and Safety Advisor on 020 7974 5672.

The school, contractor(s) and any subcontractor(s) involved will exchange relevant information regarding the work activities and agree the risk assessment and safe systems of work to be used prior to works commencing on site. **Contractors will be asked to provide risk assessments and method statements specific to the site and works to be undertaken.**

APPENDIX 15: WORK AT HEIGHT

Working at height can present a significant risk, where such activities cannot be avoided a risk assessment will be conducted to ensure such risks are adequately controlled. A copy of this assessment will be provided to employees authorised to work at height.

When working at height (including accessing storage or putting up displays) appropriate stepladders or kick stools are to be used. Staff must not climb onto chairs etc. Only those persons who have been trained to use ladders safely may use them. Basic instruction is provided to all staff who use ladders / stepladders.

Formal training on work at height, use of ladders, mobile tower scaffolds etc. will be provided where a significant risk is identified as part of an individual's role **e.g. site staff.**

The establishments nominated person(s) responsible for work at height is (are) **Darren Walker.**

The nominated person(s) shall ensure:

- all work at height is properly planned and organised;
- the use of access equipment is restricted to authorised users;
- all those involved in work at height are trained and competent to do so;
- the risks from working at height are assessed and appropriate equipment selected;
- a register of access equipment is maintained and all equipment is regularly inspected and maintained;
- any risks from fragile surfaces is properly controlled.

APPENDIX 16: DISPLAY SCREEN EQUIPMENT (DSE)

All staff who use computers daily, as a significant part of their normal work (*significant is taken to be continuous / near continuous spells of an hour or more at a time*) e.g. admin / office staff shall have a DSE assessment carried out.

Staff identified as DSE users are entitled to an eyesight test for DSE use every 2 years by a qualified optician (and corrective glasses if required specifically for DSE use). From 1st of April 2019, Camden Council will no longer cover the cost of eyesight tests. Schools will be expected to make provision to pay for eyesight tests in their individual budgets.

Advice on the use of DSE is available in the [Education Health and Safety Document Library](#).

APPENDIX 17: VEHICLES ON SITE

Vehicular access to the school is restricted to school staff and visitors only and not for general use by parents / guardians when bringing children to school or collecting them. Access to the school must be kept clear for emergency vehicles.

The vehicle access gate must not normally be used for pedestrian access.

APPENDIX 18: STRESS / WELLBEING

The school and governing body are committed to promoting high levels of health and well-being and recognise the importance of identifying and reducing workplace stressors through risk assessment, in line with the HSE and LBC management standards.

The systems in place within the school for responding to individual concerns and monitoring staff workloads are:

- Regular performance management meetings.
- Phase meetings.
- PDM meetings to help with workload/stress.
- Personal development plans.
- Access to Employee Assistance Programmes through the staff insurance.
- Access to counselling through Camden.

APPENDIX 19: LEGIONELLA MANAGEMENT

The school complies with advice on the potential risks from legionella as identified in [Camden's Water Hygiene Policy for Schools](#).

A water risk assessment of the school has been completed by [Aquatech Water Treatment Products and Services Ltd.](#) and [Hannah Martin](#) is responsible for ensuring that the identified operational controls are being conducted and recorded in the school's water logbook.

This risk assessment will be reviewed where significant changes have occurred to the water system and/ or building footprint.

The risks from legionella are mitigated by basic operational controls and thus the following checks are recorded.

- Water is heated and stored to 60°C at calorifiers (any vessel that generates heat within a mass of stored water).
- Weekly flushing of seldom used outlets and all showers (with all outlets flushed after school holiday periods).
- Monthly temperature checks on sentinel outlets or other for hot water outlets and nearest and furthest to the CWST or mains for cold water taps, plus 20% of all other outlets over a 12 month period.

- Quarterly disinfection / descaling of showers.
- Stored cold water tanks are inspected for compliance and temperature monitored on an annual basis by **CBS Maintenance Services Ltd.**
